## Company Profile

SHENZHEN KWERL TECHNOLOGY CO., LIMITED (KWERL) is owned and operated by a group of technocrats with over 20 years experience in the field of screw compressors. It was formed with the sole purpose of providing a ONE STOP-SHOP to supply the aftermarket spare parts for Screw Compressors for all reputed International makers. With over 20 years in the industry KWERL has built relationships with a number of quality OEM suppliers besides establishing a well-established manufacturing unit of their own. KWERL has been established a reputation based on quality products and exceptional service and manufactures, sources and delivers anything & everything related to the compressor, from a simple O-ring, to a complete air-end.

KWERL has their state of art manufacturing facility at Shenzhen to deliver you quality air compressor parts but below the OEM price tag. We offer a complete line of genuine as well as quality replacement parts backed by over several years in the business. Our product inventory is continuously growing as we add in new items every day. We can surely get you the compressor part you are looking for.

Since its inception, we have grown to be the prominent supplier of Screw Compressor parts and services. With its large machine shop and the most complete parts inventory in the country, KWERL today offer all of your industrial compressor needs.

We guarantee 100% OEM compatible products that meet or exceed OEM quality and performance. Prompt delivery is a focus of KWERL and we will ensure that all orders are filled and leave our warehouse at the earliest possible time.

KWERL presents a comprehensive portfolio of superior quality, value priced aftermarket and replacement products ranging from compressor lubricants, gear oils, hydraulic oils, air ends, dryers to any fast moving parts of screw compressors. As your compressor parts and lubricant supplier, from our huge inventory of OEM and Replacement Parts, we offer you entire range of spares for all well-known makes of compressors.

Our range of products include most parts required to maintain and repair screw compressor of well known makers. We stock and supply all minor and major components of any makers of screw compressors. Whether you're doing preventive maintenance or a major overhaul, KWERL can meet your requirements.

KWERL strives to supply our customers with the highest quality products and serve our customers with honest business practices and superior service.

### **PASSION AND EXPERIENCE MAKE ALL THE DIFFERENCE FOR A COMPRESSOR PARTS MANUFACTURER**

As a compressor parts manufacturer we pride ourselves on having 100% interchangeable OEM and aftermarket products. Our in-house CNC machines, proprietary equipment and our attention to detail are the tools and qualities allowing KWERL to provide durable, abrasion resistant and stress-free components. These are the characteristics together with our passion which gives us the ability to manufacture the best compressor parts in the industry and make KWERL superior in the industry.

**SALIENT FEATURES OF KWERL PARTS**

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>• Lower costs with one source for all brands</li> <li>• Rapid delivery to maximize your up time</li> <li>• Reduced local inventory burden</li> <li>• Reduced long-term costs with superior replacement</li> </ul> | <ul style="list-style-type: none"> <li>• Improved compressor reliability</li> <li>• Increased air production efficiency</li> <li>• Lowered electrical bill</li> </ul> |
|--|---|

**OUR PARTS INVENTORY INCLUDE:**

• Pressure Regulator-----	02	• Cylinder-----	27
• Minimum Pressure Valve-----	06	• Filtration-----	28
• Solenoid Valve-----	09	• Maintenance Kit-----	30
• Coupling Elements-----	11	• PLC Controller-----	38
• Drainers-----	15	• Others-----	39
• Thermostatic Valve-----	18		
• Air intake Valve-----	22		
• Gear Set-----	26		
• Oil Mirror-----	26		

Our state-of-the-art equipment, years of engineering experience along with our commitment provides, KWERL, the pleasure of assuring our compressor parts to OEM quality.

All Products are manufactured with the highest grade of materials. KWERL continues to grow and expand all product lines while exceeding OEM specifications and providing fast delivery for each and every part we sell.

KWERL staff has over 20 years of combined experience in the aftermarket and downstream compressed air business and they are able to draw on an extensive knowledge base to ensure you receive the right part for your air compressor or compressed air system. We have excellent technical knowledge and skills to support full range of air compressor products.

Makers

## Why choose us

### Excellent Performance

We insist strict selection in raw materials and manufacturing process to guarantee high quality and performance of products.

### Continuous Improvement

We make continuous improvement in production line, technologic process, management system and so on...

### Product Variety

Our products are interchangeable with all leading brands in the world and we offer you one-stop procurement and service.

### On Time Delivery

We have adequate inventory of raw materials and finished goods. We can arrange quick production and response to your request.
